

To Our Valued Catalog Drop Ship Suppliers,

The EDI transaction set 856, Advance Ship Notice/Manifest will be required for all catalog drop ship purchase orders, so we may provide our customers with tracking information. This EDI document is one of the mandatory documents that are required as part of Doing Business with AAFES.

Partners currently sending the ASN are required to start sending the tracking number in element REF02, with a code of 2I in element REF01 and the carrier name in element TD505. These segments/elements are expected in the Hierarchical Level - Shipment.

The e-Business Rollout Group will be contacting partners not sending ASN's to start the testing process.

Please contact the following EDI Rollout Coordinators should you have any questions:

Polly Galmore, #214-312-6814 or galmore@aafes.com

Toni Wells, #214-312-4952 or wellston@aafes.com

Janette Wood, #214-312-4904 or woodjan@aafes.com

Valarie Trevino, #214-312-4073 or trevinov@aafes.com

Debra White, #214-312-2966 or whitedebra@aafes.com

Thank you for your support
